

A Pearl of Wisdom: Cervical Cancer is preventable!

- **The bad news:** Cervical cancer is the second most common cancer in women around the world.
- **The good news:** Cervical cancer can be prevented using the Pap test, the HPV test, and the HPV vaccine.
- **The best news:** Working together, we can make sure that girls and women everywhere have access to these life-saving tools.

Support the *Pearl of Wisdom Campaign to Prevent Cervical Cancer*

Go to www.PearlofWisdom.us, where you can:

- **Purchase your Pearl of Wisdom**, designed specifically in support of cervical cancer awareness and prevention. Then wear it and talk about it!
- **Spread the message.** Purchase pearls or send virtual pearls to others; put a digital pearl on your personal web page, and distribute information about the campaign to others.
- **Become a Partner.** Promote the Pearl of Wisdom and its messages to your organization and its members.

Working together, we can STOP cervical cancer!

Visit www.PearlofWisdom.us to learn more.

The Pearl of Wisdom Campaign to Prevent Cervical Cancer is a project of the European Cervical Cancer Association, along with its partners in the United States. All profits from purchases of the Pearl of Wisdom go to the U.S. Pearl of Wisdom Campaign Fund to support cervical cancer prevention activities.
